

## Matthew Andersons

*I'll be the best even if I'm afraid to ask others*

Age: **21**  
Work: **Student**  
Location: **Brussels, Belgium**  
Studies: **IPL first year**

### Personality

Curious studious Introvert

### Goals

- Improve his IT skills
- finish his IT studies
- Impress my teacher with my fast learning

### Frustrations

- Not having the possibility to enhance all his courses
- Not having a way to contact other site users
- Not having infinite levels to practice

### Bio

matthew is a 21 year old student that is currently in IT studies. The problem is that he has some difficulties in classe but he is way too shy to ask some help to his classmates. He is afraid to fail his year so he is looking for an alternative option to learn and help him improve his IT skills

## Melanie Germain

*"everything for my two loved ones"*

Age: **55**  
Work: **Bank employe**  
Family: **Married, 2 kids**  
Location: **Brussels, Belgium**

### Personality

Energetic passionate empathic

### Goals

- Try to learn the passions of my childrens
- Make sure I can help my boy pass his tests
- Learn more about IT in the world

### Frustrations

- Not being able to fully understand the beginning of the game
- no way to compare my scores to my son scores

### Bio

I'm a 55 year old mother and I have 2 childrens. My two boys love everything related to computers and even one of them is currently studying IT. I would like to gain some interest in their studies but it's hard to start those thematics at my age so I was looking for a cool site to start learning some.
